

A **guide** accompanies people on cultural visits or activities in a natural environment, providing information and technical support depending on the type of activity. A guide can speak different languages.

- **Alpine Guide:** safety accompanies people and teaches the techniques related to all the activities that can be practiced on the mountains (mountaineering, ski mountaineering, rock climbing, canyoning ...), ensuring the necessary technical assistance

GEOclimHOME Pro Geoheritage and climate change for highlighting the professional perspective

- ***Environmental hiking guide: safety accompanies people outdoor, ensuring the necessary technical assistance, visiting the whole territory, illustrating the nature, anthropic and cultural aspects.***

GEOclimHOME Pro Geoheritage and climate change for highlighting the professional perspective

- **Tourist guide:** accompanies people on visits to artworks, museums, galleries, archaeological excavations, illustrating their historical, artistic, monumental, landscape and natural features.

During the project we met guides that work outdoor, in the parks and in the museums of the [Sesia Val Grande Geopark](#)

**WHERE WE MET THEM**

- Geopark boundaries
- Val Grande National Park
- Fondo Toce Natural Reserve
- Alta Valsesia and Strona Valley Regional Park
- Monte Fenera Regional Park
- Zegna Oasis
- Sacred Mounts
- Sesia Supervolcano
- Insubric Line
- Main rivers
- Main mountains

- **TOURISM**
- **MUSEUMS**
- **EDUCATION**
- **PROTECTED AREAS**
