

# Museums and ecomuseums

A [UNESCO Global Geopark](#) is not just about rocks: it is deeply connected with every aspect of the culture of the territory, so museums and ecomuseums, even these that are not about geology, are very important structures for tourism and education,

**MUSEUMS**  
of the  
Sesia Val Grande  
Geopark

**ECOMUSEUMS**  
of the  
Sesia Val Grande  
Geopark

Also the geoparks celebrate the  
[International Day of Museums!](#)

*GEOclimHOME Pro Geoheritage and climate change for highlighting the professional perspective*
