

Many different kind of professionals are involved in the **mangement** and safely **functioning** of a ski resort.

- **Technical director:** oversee the society that manage the ski resort
- **Responsible of the cableways:** specific technical role related with the right and safe working of the cableways/sky lifts.
- **Operators at the cableways/sky lifts:** they manage the of people and move the machines
- **Snow groomer personnel:** workers that drive the machines to prepare the ski slopes
- **Safety responsables:** they manage the tracks safety, ski patrol, avalanche risk and so on
- **Ticket office:** information point and selling of the tickets

During the project we met the **engineer** that is the **technical director** of the Monte Rosa Ski resorts of the Alagna area, in the [Sesia Val Grande Geopark](#); we together discuss about the impact of [climate change](#) on the ski resorts and its management to face the future.

**WHERE WE MET THEM**

- **TOURISM**
- **LOCAL BUSINESS**

- Geopark boundaries
- Val Grande National Park
- Fondo Toce Natural Reserve
- Alta Valsesia and Strona Valley Regional Park
- Monte Fenera Regional Park
- Zegna Oasis
- ▲ Sacred Mounts
- Sesia Supervolcano
- Insubric Line
